Parking Reminders

VISITOR PARKING:

This parking lot is ONE-WAY! Please note that this parking lot is closed before school and at the end of the day. Only parents with a valid handicapped sticker are permitted to enter and park in the appropriate parking spaces. Parents will not be permitted to exit this parking lot until the bus and school vehicles have left. Passing school vehicles in this lot is not permitted.

STAFF PARKING:

Access to this parking lot is closed at the end of the day. Parents are asked to park on the street when coming to pick up their children. We have a high volume of students walking through this parking lot at the end of the day. For everyone's safety, vehicles wishing to exit the parking lots at the end of the day will need to wait until buses and school vehicles have left the property, at which time, the pylons will be removed to allow remaining vehicles to exit. Driving around staff, students and pylons is unsafe and not permitted.

Thank you to all of our parents who consistently follow these expectations and help us keep everyone safe.
