Monday, January 21, 2019

Lunch Lady Lunch

9:15 AM to 10:00 AM

Motivational Outreach Speaking Tour: Mark Quattrocchi — Grades 3 to 8 — Gym

Our hope is that this presentation will help to motivate the greater student population to get involved with social justice. Our guest speaker will also take a moment to recognize the social justice group, so that they may begin to feel recognition within our school community.

Who is Mark Quattrocchi?

Mark is a Motivational Speaker on the Leadership team at WE and before that, Mark was a Teacher. As a motivational speaker, Mark shares how to create change in the world by turning our passions into action. He does this by sharing with his audience the incredible and almost impossible journey he took. One day Mark got on his bicycle and started to ride around the world. He cycled from China, all the way back to Canada. There are few people that have ever done something like this. During his time on the road he raised over \$50,000 for WE Charity to build five schools in five different countries.

10:00 AM to 12:30 PM

Social Justice Team Workshop — Ms. Hasler, Mrs. Mills and the Social Justice Team

The workshop session focuses on equipping our students with ideas and resources to not only plan out a course of action, but to provide support in order for them to take real and effective action on issues they care about.

Wednesday, January 23, 2019

1:30 PM to 2:30 PM

"Power of Perseverance" Assembly — Grades 4 to 8

Topics: Resilience, Growth Mindset, Perseverance

Studies have shown that the character attribute that predicts success in students more than any other is perseverance. St. Angela also emphasizes the concept of "Growth Mindset" — the idea that students will get better at things as long as they keep trying. With his background as a professional juggler, Park is a real life example that...practice, practice, practice...pays off. Using juggling routines to illustrate his key strategies for perseverance, Park educates the students while at the same time keeping them fully engaged.

3:30 PM to 11:00 PM

Raptors 905 Basketball Game — Grade 8s. Thank you to Mr. Petrovich for organizing this experience.
